Rules for Competitors

1. The Competition is open to members of the National Auricula and Primula Society (Southern Section)
2. Any number of entries may be submitted in each class.
3. Plants must have been in the possession of the exhibitor for at least three months prior to the Show.
4. Plants in the seedling classes must not have won an award at any previous N.A.P.S show.
5. Novice classes are open only to those who have not previously won three first awards in the Section in which the plants are entered.
6. All exhibits must be legibly names, one card to each pot.
7. Neat stakes may be used to support stems in the Show, Alpine and Double Auricula classes only, but any packing placed between pips must be removed before judging commences. No wire support permitted.
8. In Show, Alpine and Double Auricula classes trusses must not have less than five expanded pipes except in the single plant classes where the minimum is three. One truss only will be judged on each plant. Any others should be tied down or removed by the exhibitor. Unopened pips should be removed.
9. In all Border Auricula classes (including Novice) plants must have not less than three trusses, except seedlings, which should have at least two.
10. In the Gold Laced Polyanthus classes one truss only will be judged, but tying down or removal is not required, since choice of truss will be at the judge's discretion. The truss must have not less than five expanded pips.

11. For Year Book purposed full details of plants shown are required from each exhibitor, who should obtain the appropriate from the Show Superintendents' table, and complete and return after benching plants.

12. The decision of the judges is final. They may, at their discretion withhold any or all of the awards in any class.

13. Winners of the Society's trophies are responsible for the engraving of same, as appropriate, and for their return the following year. The society regrets it cannot undertake to have engraving done on a member's behalf.

14. All pots must be round, plastic or clay and terra cotta coloured.

15. Exhibitors of winning seedlings should ensure that the compiler of the Society's Seedling Register has details for the Year Book as soon as practical.
